Common Public License Version 1.0

THE ACCOMPANYING PROGRAM IS PROVIDED UNDER THE TERMS OF THIS COMMON PUBLIC LICENSE ("AGREEMENT"). ANY USE, REPRODUCTION OR DISTRIBUTION OF THE PROGRAM CONSTITUTES RECIPIENT'S ACCEPTANCE OF THIS AGREEMENT.

1. DEFINITIONS

"Contribution" means:

a) in the case of the initial Contributor, the initial code and documentation distributed under this Agreement, and

b) in the case of each subsequent Contributor:

Notice

i) changes to the Program, and

ii) additions to the Program;

where such changes and/or additions to the Program originate from and are distributed by that particular Contributor. A Contribution 'originates' from a Contributor if it was added to the Program by such Contributor itself or anyone acting on such Contributor's behalf. Contributions do not include additions to the Program which: (i) are separate modules of software distributed in conjunction with the Program under their own license agreement, and (ii) are not derivative works of the Program.

"Contributor" means any person or entity that distributes the Program.

"Licensed Patents " mean patent claims licensable by a Contributor which are necessarily infringed by the use or sale of its Contribution alone or when combined with the Program.

"Program" means the Contributions distributed in accordance with this Agreement.

"Recipient" means anyone who receives the Program under this Agreement, including all Contributors.

2. GRANT OF RIGHTS

a) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, distribute and sublicense the Contribution of such Contributor, if any, and such derivative works, in source code and object code form.

b) Subject to the terms of this Agreement, each Contributor hereby grants Recipient a non-exclusive, worldwide, royalty-free patent license under Licensed Patents to make, use, sell, offer to sell, import and otherwise transfer the Contribution of such Contributor, if any, in source code and object code form. This patent license shall apply to the combination of the Contribution and the Program if, at the time the Contribution is added by the Contributor, such addition of the Contribution causes such combination to be covered by the Licensed Patents. The patent license shall not apply to any other combinations which include the Contribution. No hardware per se is licensed hereunder.

c) Recipient understands that although each Contributor grants the licenses to its Contributions set forth herein, no assurances are provided by any Contributor that the Program does not infringe the patent or other intellectual property rights of any other entity. Each Contributor disclaims any liability to Recipient for claims brought by any other entity based on infringement of intellectual property

Notice

rights or otherwise. As a condition to exercising the rights and licenses granted hereunder, each Recipient hereby assumes sole responsibility to secure any other intellectual property rights needed, if any. For example, if a third party patent license is required to allow Recipient to distribute the Program, it is Recipient's responsibility to acquire that license before distributing the Program.

d) Each Contributor represents that to its knowledge it has sufficient copyright rights in its Contribution, if any, to grant the copyright license set forth in this Agreement.

3. REQUIREMENTS

A Contributor may choose to distribute the Program in object code form under its own license agreement, provided that:

a) it complies with the terms and conditions of this Agreement; and

b) its license agreement:

i) effectively disclaims on behalf of all Contributors all warranties and conditions, express and implied, including warranties or conditions of title and non-infringement, and implied warranties or conditions of merchantability and fitness for a particular purpose;

ii) effectively excludes on behalf of all Contributors all liability for damages, including direct, indirect, special, incidental and consequential damages, such as lost profits;

iii) states that any provisions which differ from this Agreement are offered by that Contributor alone and not by any other party; and

iv) states that source code for the Program is available from such Contributor, and informs licensees how to obtain it in a reasonable manner on or through a medium customarily used for software exchange.

When the Program is made available in source code form:

a) it must be made available under this Agreement

; and

Notice

b) a copy of this Agreement must be included with each copy of the Program

Contributors may not remove or alter any copyright notices contained within the Program.

Each Contributor must identify itself as the originator of its Contribution, if any, in a manner that reasonably allows subsequent Recipients to identify the originator of the Contribution.

4. COMMERCIAL DISTRIBUTION

Commercial distributors of software may accept certain responsibilities with respect to end users, business partners and the like. While this license is intended to facilitate the commercial use of the Program, the Contributor who includes the Program in a commercial product offering should do so in a manner which does not create potential liability for other Contributors. Therefore, if a Contributor includes the Program in a commercial product offering, such Contributor ("Commercial Contributor") hereby agrees to defend and indemnify every other Contributor ("Indemnified Contributor") against any losses, damages and costs (collectively "Losses") arising from claims, lawsuits and other legal actions brought by a third party against the Indemnified Contributor to the extent caused by the acts or omissions of such Commercial Contributor in connection with its distribution of the Program in a commercial product offering. The obligations in this section do not apply to any claims or Losses relating to any actual or alleged intellectual property infringement. In order to qualify, an Indemnified Contributor must: a) promptly notify the Commercial Contributor in writing of such claim, and b) allow the Commercial Contributor to control, and cooperate with the Commercial Contributor in, the defense and any related settlement negotiations. The Indemnified Contributor may participate in any such claim at its own expense.

For example, a Contributor might include the Program in a commercial product offering, Product X. That Contributor is then a Commercial Contributor. If that Commercial Contributor then makes performance claims, or offers warranties related to Product X, those performance claims and warranties are such Commercial Contributor's responsibility alone. Under this section, the Commercial Contributor would have to defend claims against the other Contributors related to those performance claims and warranties, and if a court requires any other Contributor to pay any damages as a result, the Commercial Contributor must pay those damages.

5. NO WARRANTY

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PROGRAM IS PROVIDED ON AN "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, EITHER EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Each Recipient is solely responsible for determining the appropriateness of using and distributing the Program and assumes all risks associated with its exercise of rights under this Agreement, including but not limited to

Notice

the risks and costs of program errors, compliance with applicable laws, damage to or loss of data, programs or equipment, and unavailability or interruption of operations.

6. DISCLAIMER OF LIABILITY

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER RECIPIENT NOR ANY CONTRIBUTORS SHALL HAVE ANY LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS), HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OR DISTRIBUTION OF THE PROGRAM OR THE EXERCISE OF ANY RIGHTS GRANTED HEREUNDER, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

7. GENERAL

If any provision of this Agreement is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this Agreement, and without further action by the parties hereto, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable.

If Recipient institutes patent litigation against a Contributor with respect to a patent applicable to software (including a cross-claim or counterclaim in a lawsuit), then any patent licenses granted by that Contributor to such Recipient under this Agreement shall terminate as of the date such litigation is filed. In addition, if Recipient institutes patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Program itself (excluding combinations of the Program with other software or hardware) infringes such Recipient's patent(s), then such Recipient's rights granted under Section 2(b) shall terminate as of the date such litigation is filed.

All Recipient's rights under this Agreement shall terminate if it fails to comply with any of the material terms or conditions of this Agreement and does not cure such failure in a reasonable period of time after becoming aware of such noncompliance. If all Recipient's rights under this Agreement terminate, Recipient agrees to cease use and distribution of the Program as soon as reasonably practicable. However, Recipient's obligations under this Agreement and any licenses granted by Recipient relating to the Program shall continue and survive.

Everyone is permitted to copy and distribute copies of this Agreement, but in order to avoid inconsistency the Agreement is copyrighted and may only be modified in the following manner. The Agreement Steward reserves the right to publish new versions (including revisions) of this Agreement from time to time. No one other than the Agreement Steward has the right to modify this Agreement. IBM is the initial Agreement Steward. IBM may assign the responsibility to serve as the Agreement Steward to a suitable separate entity.

Notice

Each new version of the Agreement will be given a distinguishing version number. The Program (including Contributions) may always be distributed subject to the version of the Agreement under which it was received. In addition, after a new version of the Agreement is published, Contributor may elect to distribute the Program (including its Contributions) under the new version. Except as expressly stated in Sections 2(a) and 2(b) above, Recipient receives no rights or licenses to the intellectual property of any Contributor under this Agreement, whether expressly, by implication, estoppel or otherwise. All rights in the Program not expressly granted under this Agreement are reserved.

This Agreement is governed by the laws of the State of New York and the intellectual property laws of the United States of America. No party to this Agreement will bring a legal action under this Agreement more than one year after the cause of action arose. Each party waives its rights to a jury trial in any resulting litigation.

- MPIO DDK - 1.23

MICROSOFT SOFTWARE LICENSE TERMS

MPIO DDK

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the Microsoft Multipath I/O Device Driver Kit (MPIO DDK) software (âSoftwareâ), including any accompanying documentation. These terms also apply to any Microsoft

- updates,
- supplements,
- Internet-based services, and
- support services

for this Software, unless other terms accompany those items. If so, those terms apply.

By using the Software, you accept these terms. If you do not accept them, do not use the Software.

If you comply with the terms and conditions in this agreement, you have the rights below.

1. INSTALLATION AND USE RIGHTS.

a. In order to design, develop and test Multipath Solutions, you may

- ◇ Install and use any number of copies of the Software on your devices;
- ◇ Modify Sample Code; and
- ◇ Reference and make an unlimited number of copies of the Software documentation. But, you must not republish or distribute the Software documentation (either in hard copy or electronic form) to any third party.

• â **Multipath Solution(s)**â means a solution (including beta versions)

Notice

developed using the Software that enables I/O failover and load-balancing when used with (i) your block mode storage devices or storage management software and (ii) Microsoft Windows Operating System Product(s). Multipath Solutions must include

- one or more device specific modules “œDSM(s)” and installation .INF files developed using the Software;
 - MPIO Redistributable Components; and
 - installer applications derived from Sample Code.
- “ **Sample Code**” means the sample source code located in the Software’s GENDSM, INSTALL and WMITOOL directories.
- “ **MPIO Redistributable Components**” means the following components in the Software
- MPIO drivers: mpio.sys, mpdev.sys, mpspfltr.sys (for Server 2008 IA64, x86, x64);
 - .INF files: mpio.inf, mpdev.inf; and
 - Security catalogs: mpio.cat.
- “ **Microsoft Windows Operating System Product(s)**” means any of the following: Microsoft Windows 2000 Server; Windows 2000 Advanced Server; Windows 2000 Datacenter Server (with Service Pack 3 or later installed); any version of Windows Server 2003, including Standard, Enterprise and Datacenter Editions; any version of Windows Storage Server 2003; and any commercially released successor to the above products.

b. You may copy and distribute as part of your Multipath Solution

- ◊ modified Sample Code in object code form;
- ◊ MPIO Redistributable Components; and
- ◊ pre-release code included in the Software.

ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

a. Development Requirements.

In developing Multipath Solutions, you must comply with all of the following

- ◇ use commercially reasonable efforts to use the most recent updates (if any) to the Software.
- ◇ ensure that storage devices managed by the Multipath Solution are exposed as block mode devices and not file server oriented devices. If a storage device supports both block mode devices and file server oriented devices, the Multipath Solution must be applied to the block mode interfaces only.
- ◇ implement host interfaces to Windows Operating System Products using only the driver interfaces documented in the applicable driver development kits (DDK) for the Windows Operating System. This includes the Windows Driver Kit and Microsoft MPIO DDK. Multipath Solutions must not use any undocumented host interfaces.
- ◇ implement in the DSM, all Windows Management Instrumentation (WMI) interfaces that are identified in the Software documentation as mandatory.
- ◇ if you add any WMI interfaces in your Multipath Solution, restrict access to the new classes of the WMI interfaces via access controls lists (ACLs) specified in the INF file corresponding to your DSM(s).
- ◇ ensure that the installation routine uses .INF files and call the setup APIs in the applicable Windows Operating System, at least as shown by the sample installation code included in the Software (additional functionality may be added).
- ◇ ensure that its installation and use on a computer or server does not delete or disrupt the installation or use of any other Microsoft MPIO-based solution that may be installed either after or before the installation of your Multipath Solution. If your Multipath Solution interferes with the installation, operation, or other functionality of another Microsoft MPIO-based solution, you must use commercially reasonable efforts to correct such interference in a timely manner.

b. Development Restrictions

. You must not

- ◇ modify the MPIO Redistributable Components;

Notice

- ◇ alter or remove any copyright, trademark, patent or other protective notices in the Software (including without limitation any Sample Code);
- ◇ create a Multipath Solution that restricts access or otherwise forcibly ties the storage device to a particular host bus adapter's driver (but, you may use additional capabilities provided by an adapter or driver, so long as the Software functions when used with standard miniport drivers); or
- ◇ modify Sample Code in any way that would cause it to become subject to an Excluded License. An "Excluded License" is one that requires, as a condition of use, modification or distribution of software subject to the Excluded License, that such software and/or other software combined and/or distributed with such software be (i) disclosed or distributed in source code form; (ii) licensed for the purpose of making derivative works; or (iii) redistributable at no charge.

c. Distribution Requirements

. For any Multipath Solution that you distribute, you must

- ◇ satisfy all of the then-current requirements for use of the applicable program logos under the Microsoft Windows Logo Program for Hardware, available at <http://www.microsoft.com.whdc.default.aspx>, except that this requirement does not apply to distribution of beta versions;
- ◇ require end users to agree to terms that protect Microsoft, the Software and anything provided to you under this agreement, at least as much as this agreement;
- ◇ not permit further redistribution of the Multipath Solution by end-users;
- ◇ provide all support to end users for the Multipath Solution (including any incorporated Software components);
- ◇ display your valid copyright notices on the Multipath Solution;
- ◇ rename Sample Code and its derivatives as part of the Multipath Solution;
- ◇ not use Microsoft's trademarks in any way that suggests the Multipath Solution comes from or is endorsed by Microsoft; and
- ◇ indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of the Multipath Solution.

2. **d. Distribution Restrictions**

. You must not distribute

- ◇ the Software as a stand alone product;
- ◇ unmodified Sample Code;
- ◇ the source code of any Sample Code or any MPIO Redistributable Component so that any part of it becomes subject to an Excluded License; or
- ◇ a Multipath Solution that operates in conjunction with an operating system product other than a Microsoft Windows Operating System Product.

e. Beta Versions

. You may copy and distribute pre-release code included in the Software. Pre-release code may not work the way a commercial version of the code will. Microsoft may or may not release a commercial version of the code. If you include pre-release code in Multipath Solutions, you must, in addition to the other terms and conditions of this agreement:

- ◇ mark the Multipath Solution as a beta version;
- ◇ provide beta versions to end users for evaluation purposes only;
- ◇ update beta versions upon the commercial release of pre-release code; and
- ◇ restrict the license term so that it expires upon the earlier of (i) commercial release of your Multipath Solution; or (ii) 6 months after the date the end user receives the beta version.

f. Third Party Solutions

. If you receive Microsoft's prior written verification that a third party is a Multipath I/O Driver program participant that has an appropriate license agreement with Microsoft, you may

- ◇ use the Software to test the interoperability of your block mode storage devices or storage management software with Multipath Solutions created by the third party; or
- ◇ subcontract all or any part of your work to develop Multipath Solutions to the third party.

Notice

3. **SCOPE OF LICENSE.** The Software is licensed, not sold. This agreement only gives you some rights to use the Software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the Software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the Software that only allow you to use it in certain ways. You must not

- ◆ disclose the results of any benchmark tests of the Software to any third party without Microsoft's prior written approval;
- ◆ work around any technical limitations in the Software;
- ◆ reverse engineer, decompile or disassemble the Software, except and only to the extent that applicable law expressly permits, despite this limitation;
- ◆ publish the Software for others to copy;
- ◆ rent, lease or lend the Software; or
- ◆ use the Software for commercial software hosting services.

4. **FEEDBACK.** You may (but are not obligated to) provide to Microsoft comments, suggestions or other feedback regarding the Software and/or Microsoft Windows Operating System Products (collectively, "Feedback"). If you provide Feedback, you agree that: (a) Microsoft may freely use, disclose, reproduce, license, distribute and otherwise commercialize the Feedback in any Microsoft product, technology, service, specification or other documentation (collectively, "Microsoft Offerings"); (b) you also grant third parties, without charge, only those patent rights necessary to enable their products, technologies or services to use or interface with any specific parts of a Microsoft product, technology or service that incorporates the Feedback; and (c) you will not give Microsoft Feedback that is subject to license terms that seek to require any Microsoft Offering incorporating or derived from such Feedback, or other Microsoft intellectual property, to be licensed to or otherwise shared with any third party.

5. CONFIDENTIALITY.

- a. **Confidential Information.** "Confidential Information" is Microsoft's non-public information, know-how and trade secrets in any form that are designated as "confidential" (including Beta versions of Software provided under this agreement), or that a reasonable person knows or reasonably should understand to be confidential. Confidential Information does not include any information that: (A) is, or becomes, publicly available without a breach of this agreement; (B) was lawfully known to the receiver of the information without an obligation to keep it confidential; (C) is received from another source who can disclose it lawfully and without an obligation to keep it confidential; (D) is independently developed; or (E) is a comment or suggestion one party volunteers about the other party's business, products or services.

Notice

- b. **Existing NDA Applies.** If the parties have entered into a written nondisclosure agreement that remains in effect as of the date you first use the Software (â€œNDAâ€š), then the terms of such NDA will apply to Confidential Information. The NDAâ€™s terms will continue to apply pursuant to this Section 5(b) notwithstanding any termination or expiration of the NDA.
- c. **No Existing NDA.** If the parties have not entered into a written nondisclosure agreement that remains in effect as of the date you first use the Software, then this Section 5(c) (and not Section 5(b)) will apply.
- i. You must
- not disclose Confidential Information to any third party;
 - not use Confidential Information except as expressly permitted under this agreement; and
 - protect Confidential Information from unauthorized use and disclosure with the same degree of care that you use to protect your own like information (but no less than reasonable care).
- ii. You may disclose Confidential Information in accordance with judicial or other governmental order, provided you give Microsoft reasonable notice prior to such disclosure to allow Microsoft a reasonable opportunity to seek a protective order or equivalent.
6. **TRANSFER TO ANOTHER DEVICE.** You may uninstall the Software and install it on another device for your use.
7. **TRANSFER TO A THIRD PARTY.** The first user of the Software must not transfer it to another user.
8. **MICROSOFT SUPPORT.** Microsoft is not obligated to provide maintenance, technical or other support, or updates to you for the Software. You can receive standard Microsoft Product Support for a fee as described at <https://support.microsoft.com/oas/default.aspx?&c1=501&gprid=12574>.
9. **TERMINATION.** Microsoft may terminate this agreement if you fail to comply with its terms and conditions. In such event, any and all licenses granted to you immediately cease and you must destroy all copies of the Software, including any accompanying documentation.
10. **Export Restrictions.** The Software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the Software. These laws include restrictions on destinations, end users and end use. For additional information, see

Notice

www.microsoft.com/exporting.

11. Entire Agreement. This agreement, and the terms for supplements, updates, internet-based services and support services that you use, are the entire agreement for the Software.
12. Applicable Law.
 - a. **United States**

. If you acquired the Software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort.
 - b. **Outside the United States**

. If you acquired the Software in any other country, the laws of that country apply.
13. Legal Effect. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the Software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so.
14. Disclaimer of Warranty. The Software is licensed “as-is.” You bear the risk of using it. Microsoft gives no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this agreement cannot change. To the extent permitted under your local laws, Microsoft excludes the implied warranties of merchantability, fitness for a particular purpose and non-infringement.
15. Limitation on and Exclusion of Remedies and Damages. You can recover from Microsoft and its suppliers only direct damages up to U.S. \$5.00. You cannot recover any other damages, including consequential, lost profits, special, indirect or incidental damages.

This limitation applies to

- ◆ anything related to the Software, services, content (including code) on third party Internet sites, or third party programs; and
- ◆ claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion

or limitation of incidental, consequential or other damages.

- 2.2 Contributor Grant. Subject to third party intellectual property claims, each Contributor hereby grants You a world-wide, royalty-free, non-exclusive license

Notice

- ◆ (a) under intellectual property rights (other than patent or trademark) Licensable by Contributor, to use, reproduce, modify, display, perform, sublicense and distribute the Modifications created by such Contributor (or portions thereof) either on an unmodified basis, with other Modifications, as Covered Code and/or as part of a Larger Work; and
- ◆ (b) under Patent Claims infringed by the making, using, or selling of Modifications made by that Contributor either alone and/or in combination with its Contributor Version (or portions of such combination), to make, use, sell, offer for sale, have made, and/or otherwise dispose of: 1) Modifications made by that Contributor (or portions thereof); and 2) the combination of Modifications made by that Contributor with its Contributor Version (or portions of such combination).
- ◆ (c) the licenses granted in Sections 2.2(a) and 2.2(b) are effective on the date Contributor first makes Commercial Use of the Covered Code.
- ◆ (d) Notwithstanding Section 2.2(b) above, no patent license is granted: 1) for any code that Contributor has deleted from the Contributor Version; 2) separate from the Contributor Version; 3) for infringements caused by: i) third party modifications of Contributor Version or ii) the combination of Modifications made by that Contributor with other software (except as part of the Contributor Version) or other devices; or 4) under Patent Claims infringed by Covered Code in the absence of Modifications made by that Contributor.

3. Distribution Obligations.

- 3.1 Application of License. The Modifications which You create or to which You contribute are governed by the terms of this License, including without limitation Section 2.2. The Source Code version of Covered Code may be distributed only under the terms of this License or a future version of this License released under Section 6.1, and You must include a copy of this License with every copy of the Source Code You distribute. You may not offer or impose any terms on any Source Code version that alters or restricts the applicable version of this License or the recipients' rights hereunder. However, You may include an additional document offering the additional rights described in Section 3.5.
- 3.2 Availability of Source Code. Any Modification which You create or to which You contribute must be made available in Source Code form under the terms of this License either on the same media as an Executable version or via an accepted Electronic Distribution Mechanism to anyone to whom you made an Executable version available; and if made available via Electronic Distribution Mechanism, must remain available for at least twelve (12) months after the date it initially became available, or at least six (6) months after a subsequent version of that particular Modification has been made available to such recipients. You are responsible for ensuring that the Source Code version remains available even if the Electronic Distribution Mechanism is maintained by a third party.
- 3.3 Description of Modifications. You must cause all Covered Code to which You contribute to contain a file documenting the changes You made to create that Covered Code and the date of any change. You must include a prominent statement that the Modification is derived, directly or

Notice

indirectly, from Original Code provided by the Initial Developer and including the name of the Initial Developer in (a) the Source Code, and (b) in any notice in an Executable version or related documentation in which You describe the origin or ownership of the Covered Code.

- 3.4 Intellectual Property Matters.
 - ◆ (a) Third Party Claims. If Contributor has actual knowledge that a license under a third party's intellectual property rights is required to exercise the rights granted by such Contributor under Sections 2.1 or 2.2, Contributor must include a text file with the Source Code distribution titled "LEGAL" which describes the claim and the party making the claim in sufficient detail that a recipient will know whom to contact. If Contributor obtains such knowledge after the Modification is made available as described in Section 3.2, Contributor shall promptly modify the LEGAL file in all copies Contributor makes available thereafter.
 - ◆ (b) Contributor API's. If Contributor's Modifications include an application programming interface and Contributor has actual knowledge of patent licenses which are reasonably necessary to implement that API, Contributor must also include this information in the LEGAL file.
 - ◆ (c) Representations. Contributor represents that, except as disclosed pursuant to Section 3.4(a) above, Contributor believes that Contributor's Modifications are Contributor's original creation(s) and/or Contributor has sufficient rights to grant the rights conveyed by this License.
- 3.5 Required Notices. You must duplicate the notice in **Exhibit A** in each file of the Source Code. If it is not possible to put such notice in a particular Source Code file due to its structure, then You must include such notice in a location (such as a relevant directory) where a user would be most likely to look for such a notice. If You created one or more Modification(s) You may add your name as a Contributor to the notice described in **Exhibit A**. You must also duplicate this License in any documentation for the Source Code where You describe recipients' rights or ownership rights relating to Covered Code. You may choose to offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Code. However, You may do so only on Your own behalf, and not on behalf of the Initial Developer or any Contributor. You must make it absolutely clear that any such warranty, support, indemnity or liability obligation is offered by You alone, and You hereby agree to indemnify the Initial Developer and every Contributor for any liability (excluding any liability arising from intellectual property claims relating to the Covered Code) incurred by the Initial Developer or such Contributor as a result of warranty, support, indemnity or liability terms You offer.
- 3.6 Distribution of Executable Versions. You may distribute Covered Code in Executable form only if the requirements of Section **3.1-3.5** have been met for that Covered Code, and if You include a notice stating that the Source Code version of the Covered Code is available under the terms of this License, including a description of how and where You have fulfilled the obligation of Section **3.2**. The notice must be conspicuously included in any notice in an Executable version, related documentation or collateral in which You describe recipients' rights relating to the Covered Code. You may distribute the Executable version of Covered Code or ownership rights under a

Notice

license of Your choice, which may contain terms different from this License, provided that You are in compliance with the terms of this License and that the license for the Executable version does not attempt to limit or alter the recipient's rights in the Source Code version from the rights set forth in this License. If You distribute the Executable version under a different license You must make it absolutely clear that any terms which differ from this License are offered by You alone, not by the Initial Developer or any Contributor. You hereby agree to indemnify the Initial Developer and every Contributor for any liability (excluding any liability arising from intellectual property claims relating to the Covered Code) incurred by the Initial Developer or such Contributor as a result of any such terms You offer.

- 3.7 Larger Works. You may create a Larger Work by combining Covered Code with other code not governed by the terms of this License and distribute the Larger Work as a single product. In such a case, You must make sure the requirements of this License are fulfilled for the Covered Code.

4. Inability to Comply Due to Statute or Regulation. If it is impossible for You to comply with any of the terms of this License with respect to some or all of the Covered Code due to statute, judicial order, or regulation then You must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and the code they affect. Such description must be included in the LEGAL file described in Section 3.4 and must be included with all distributions of the Source Code. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a recipient of ordinary skill to be able to understand it.

5. Application of this License. This License applies to code to which the Initial Developer has attached the notice in Exhibit A and to related Covered Code.

6. Versions of the License.

- 6.1 New Versions. The Storage Networking Industry Association (the "SNIA") may publish revised and/or new versions of the License from time to time. Each version will be given a distinguishing version number.
- 6.2 Effect of New Versions. Once Covered Code has been published under a particular version of the License, You may always continue to use it under the terms of that version. You may also choose to use such Covered Code under the terms of any subsequent version of the License published by the SNIA. No one other than the SNIA has the right to modify the terms applicable to Covered Code created under this License.
- 6.3 Derivative Works. If You create or use a modified version of this License (which you may only do in order to apply it to code which is not already Covered Code governed by this License), You must (a) rename Your license so that the phrases "Storage Networking Industry Association," "SNIA," or any confusingly similar phrase do not appear in your license (except to note that your license differs from this License) and (b) otherwise make it clear that Your version of the license contains terms which differ from the SNIA Public License. (Filling in the name of the Initial Developer, Original Code or Contributor in the notice described in Exhibit A shall not of

themselves be deemed to be modifications of this License.)

7. DISCLAIMER OF WARRANTY. COVERED CODE IS PROVIDED UNDER THIS LICENSE ON AN "AS IS" BASIS, WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES THAT THE COVERED CODE IS FREE OF DEFECTS, MERCHANTABILITY, FIT FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE COVERED CODE IS WITH YOU. SHOULD ANY COVERED CODE PROVE DEFECTIVE IN ANY RESPECT, YOU (NOT THE INITIAL DEVELOPER OR ANY OTHER CONTRIBUTOR) ASSUME THE COST OF ANY NECESSARY SERVICING, REPAIR OR CORRECTION. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS LICENSE. NO USE OF ANY COVERED CODE IS AUTHORIZED HEREUNDER EXCEPT UNDER THIS DISCLAIMER.

8. TERMINATION.

- **8.1** This License and the rights granted hereunder will terminate automatically if You fail to comply with terms herein and fail to cure such breach within a reasonable time after becoming aware of the breach. All sublicenses to the Covered Code which are properly granted shall survive any termination of this License. Provisions which, by their nature, must remain in effect beyond the termination of this License shall survive.
- **8.2** If You initiate litigation by asserting a patent infringement claim (excluding declaratory judgment actions) against Initial Developer or a Contributor (the Initial Developer or Contributor against whom You file such action is referred to as "Participant") alleging that:
 - ◆ **(a)** such Participant's Contributor Version directly or indirectly infringes any patent, then any and all rights granted by such Participant to You under Sections 2.1 and/or 2.2 of this License shall, upon 60 days notice from Participant terminate prospectively, unless if within 60 days after receipt of notice You either: (i) agree in writing to pay Participant a mutually agreeable reasonable royalty for Your past and future use of Modifications made by such Participant, or (ii) withdraw Your litigation claim with respect to the Contributor Version against such Participant. If within 60 days of notice, a reasonable royalty and payment arrangement are not mutually agreed upon in writing by the parties or the litigation claim is not withdrawn, the rights granted by Participant to You under Sections 2.1 and/or 2.2 automatically terminate at the expiration of the 60 day notice period specified above.
- **8.3** If You assert a patent infringement claim against Participant alleging that such Participant's Contributor Version directly or indirectly infringes any patent where such claim is resolved (such as by license or settlement) prior to the initiation of patent infringement litigation, then the reasonable value of the licenses granted by such Participant under Sections 2.1 or 2.2 shall be taken into account in determining the amount or value of any payment or license.

Notice

- **8.4** In the event of termination under Sections 8.1 or 8.2 above, all end user license agreements (excluding distributors and resellers) which have been validly granted by You or any distributor hereunder prior to termination shall survive termination.

9. LIMITATION OF LIABILITY. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER TORT (INCLUDING NEGLIGENCE), CONTRACT, OR OTHERWISE, SHALL YOU, THE INITIAL DEVELOPER, ANY OTHER CONTRIBUTOR, OR ANY DISTRIBUTOR OF COVERED CODE, OR ANY SUPPLIER OF ANY OF SUCH PARTIES, BE LIABLE TO ANY PERSON FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES, EVEN IF SUCH PARTY SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY SHALL NOT APPLY TO LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM SUCH PARTY'S NEGLIGENCE TO THE EXTENT APPLICABLE LAW PROHIBITS SUCH LIMITATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THIS EXCLUSION AND LIMITATION MAY NOT APPLY TO YOU.

10. U.S. GOVERNMENT END USERS. The Covered Code is a "commercial item," as that term is defined in 48 C.F.R. 2.101 (Oct. 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sept. 1995). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government End Users acquire Covered Code with only those rights set forth herein.

11. MISCELLANEOUS This License represents the complete agreement concerning subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. This License shall be governed by California law provisions (except to the extent applicable law, if any, provides otherwise), excluding its conflict-of-law provisions. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not apply to this License.

12. RESPONSIBILITY FOR CLAIMS. As between Initial Developer and the Contributors, each party is responsible for claims and damages arising, directly or indirectly, out of its utilization of rights under this License and You agree to work with Initial Developer and Contributors to distribute such responsibility on an equitable basis. Nothing herein is intended or shall be deemed to constitute any admission of liability.

Notice

13. MULTIPLE-LICENSED CODE. Initial Developer may designate portions of the Covered Code as "Multiple-Licensed". "Multiple-Licensed" means that the Initial Developer permits you to utilize portions of the Covered Code under Your choice of this License or the alternative licenses, if any, specified by the Initial Developer in the file described in Exhibit A.

14. ACCEPTANCE. This License is accepted by You if You retain, use, or distribute the Covered Code for any purpose.
